### **JALY HOMES:**

JALY Homes (Home of Joy) are one unit of SAMUGAM, working for the rights

and entitlement of children from gypsy, tribal, street and below poverty line families. The Children of these families are more vulnerable, since they are denied of their basic rights and are neglected. With the long term vision of empowering children's rights, JALY home was established in the year 2008 to

provide care and protection for children living away from their family home so as to enable them to live a dignified life. It started in a small rental building in Pondicherry, to provide day care for the children of the Gypsy, tribal and street communities. It was later established as a home for the girls in 2015. **How you can help us to serve better**  
 SAMUGAM strongly believes that taking care of children is the primary responsibility of the parents and there is no other care parallel to a mother’s care. However not all children are blessed or have the advantage to grow in a family environment due to various economic reasons. Hence these disadvantaged children or children living in distress should be taken care of at a younger age and be provided the adequate opportunities and services for their overall growth and development

**Yes! Child protection is everybody’s responsibility. Please share your bit**
