## PRADHAN MANTRI RASHTRYA BAL PURASKAR - 2019

**SAMUGAM TRUST(JALY HOME)**

**State - Puducherry**

Samugam Trust (Jaly home) has been consistently working with the children of Narikuravar, tribe in Puducherry. The children lived as ragpickers and consumed food from garbage. Samugam uplifted their lives by engaging them in a day care centre. They also arranged capital assistance for helping them to start their own small enterprises.

Recognising the future leaders and nation-builders of NEW INDIA

The Man of Humanity....

"Do What makes your soul shine"  
..... a true humanitarian sharing  
with others whatever, whenever and  
wherever there is a need.....

Bruno and his Dad, who is very unwell but managed to make it for the big day, the inauguration of the new boys section and the Sewing the Seeds room on the bottom floor. As I understand it Bruno's Dad is the inspiration behind Bruno's commitment to the disadvantaged, after starting a home for Lepers in the village Bruno grew up in. These two men are heroes in my view. Great giants of humanity!! I'm so grateful they exist in this world.
